# Position: Quality Assurance Engineer (Python)

Location: Boise, Idaho or Oklahoma City, Oklahoma

QualityLogic is currently hiring for QA Engineers with strong experience in software, web, and mobile development. QA Engineers for QualityLogic successfully develop and execute appropriate test plans, test scripts, and test data modeling for complex, multi-tier, web and mobile systems, including e-commerce systems, and provide manual and automated functional testing of system front end, back end and UAT testing.

## Quality Assurance Engineer (Python) Required Qualifications:

- Bachelor's degree in Computer Science or related field or equivalent experience
- 1 or more years' experience working in a structured QA environment
- Quality assurance experience, preferably with e-commerce web Applications, architectures and relevant development/QA tools
- **Programming Proficiency**; prefer Python with pytest.
- Experience with RESTful APIs
- SQL Experience; would also like NoSQL (e.g. MongoDB)
- Strong Analytical skills
- Customer Focus and Relationship Building, including demonstrated ability to work well with business analysts, developers, management and end users
- Have a positive, "can do" attitude, and willing to play nice with others

## Preferred Qualifications:

- Soap UI, Appium / Selenium
- Package managers like PyPM, npm,
- debuggers, http proxies and packet capture
- Familiarity with load testing concepts and load test tools such as OpenSTA, Grinder, or JMeter
- Familiarity with JIRA or other issue trackers
- Version control systems like git
- Continuous integration with systems like TeamCity, Jenkins, Bamboo
- Security testing

## Quality Assurance Engineer (Python) Responsibilities:

- Automated test writing for unit, integration, functional and other types of tests
- Identifying Acceptance Criteria
- Debugging, troubleshooting code
- Demonstrating enhancements and bug fixes
- Working with developers, business analysts, and other QA Engineers
- Daily standups

## Quality Assurance Engineer (Python) Benefits:

The Company provides a competitive salary and benefits package which offers Medical and Dental Insurance, 401k, Paid Time Off, Paid Holidays, and additional benefits. QualityLogic is a fun and challenging place to work, and we are focused on creating great opportunities for our employees, their families, our customers, as well as the communities we serve.

## About QualityLogic
